

2105 Foxwoods Results

Attached are the event results and scores from our Foxwoods trip.

Overall the weather turned out better than they were predicting.
We managed to get all 36 holes in on Monday without getting soaked.

I want to thank our assistant pro Ryan for coming on the trip and filling in as a last minute replacement.
And thanks to the tour members for "taking care" of him and making sure he enjoyed the trip.

Also, thanks to our 3 fill-ins that played Monday, Dean, Dave C, and Jack S.

The winter tour plays in all conditions and true to form all 3 of them showed up and played 36 holes on Monday in less than ideal conditions.

By the way Jack was not eligible for the weekend awards as he did not play Sunday but for the 36 holes on Monday Jack shot 1 under par. Well done Jack.

In a couple years you'll be able to get the full winter tour Foxwoods weekend experience. Greg, Owen and company will make sure you don't play your best golf, just ask Ryan.
